

# Aurora tour with dinner in Abisko

Available Sept 1 2022 - April 7 2023

Rates valid May 1 2022 - April 30 2023

**Scandinavian Sami Photoadventures take you to Abisko, a 1,5 hour trip from Kiruna. Here we eat dinner and learn about the Sami culture, the nature and the Northern Light.**

**We take a walk in the Abisko area to see and experience the spectacular Aurora Borealis.**

From Kiruna we drive with car into the night. Our goal is to catch the Northern light, learn more about the nature, local culture and to visit the famous Abisko. Outside the window we see the stars, and if we are lucky, a hint of green auroras in the sky.

1,5 hour later we are there, going for a three course dinner down in the Abisko village. We talk about nature, Sami culture, northern light and local history.

We can never guarantee that we will see the aurora but if the weather is good after dinner, we take a walk in the Abisko area, to experience the landscape and look for the northern light. Our local guides are educated photo guides so if you bring your camera, we help you to take photos.

If there is not good weather in Abisko we start to drive back to Kiruna, and if we are lucky the sky gets clear so we can stop to see the northern light. We are back in Kiruna before midnight.
