

# Midnight light tour in Abisko

Available June 1 - August 20 2023  
Rates valid May 1 2023- April 30 2024

Scandinavian Sami Photoadventures welcomes you to a night tour to Abisko to experience the midnight light, and when possible, the midnight sun.

We walk in the Abisko national park or, when it is open, go up with the chair lift to mount Nuolja enjoying the evening light.

After a 1.5 hour drive by car, we go for a hike in the Abisko national park. While we walk in the mountains experiencing the midnight light, our local guide tells about the nature, Sami culture and stories from the area.

We enjoy the magic evening light having a cup of tea and a cake on our tour. In the stunning landscape we wait for the midnight to get a chance to experience the midnight sun or the genuine midnight summer light in the north.

After midnight we head back to our car and drive back to Kiruna. We are back late in the night.
