

Northern light in the mountains

An amazing tour to one of the most spectacular places around Kiruna to experience northern light, the Kebnekaise area.

First by minibus and from Nikkaluokta with snowmobile, we take you to the heart of Sweden's highest mountain areas. On the tour you learn to use the camera to photograph nature, wildlife and northern light. We can never guarantee that we will see auroras or animals, but our local guides will do everything they can to succeed.

Up in the mountains we have dinner and sleep overnight. Next morning, after breakfast, we go back to Kiruna. Under the tour we also get chances to see and photograph arctic animals as moose.

Tour information:

Price: SEK 6,790/adult. Children 10-15 years SEK 4,290/child.

The price includes: Pick-up from Camp Ripan or Kiruna tourist office, tour to Nikkaluokta/Kebnekaise (car and snowmobile), one night in a mountaincabin in doubleroom (Kebnekaise, or Nikkaluokta depending on weather) with dinner and breakfast, Sami photo guide, cover clothes and shoes, a headlamp and a camera plus tripod. (Children share camera with adult) SD memory card is not included, but can be purchased.

We recommend you to prepare with warm clothes for the season, mittens and a warm hat.

Participants: Minimum 2 adults, max 8. Private tours or other dates on request.

Departure: The tour is available between February 29 and April 15. Departure 14.00, arrival 12.00 the day after.
