

Wildlife and nature photo tour

Available all year around 2023-24
Rates valid May 1 2023 - April 30 2024

Scandinavian Sami Photoadventures welcomes you to a tour around Kiruna to learn more about the beautiful landscape, Arctic wildlife and local culture in the area. With help of the camera we explore the nature.

Beginner or more experienced in photo - our guides help you to get pictures to bring home for your album.

We meet you at the hotel, and drive you, by car, in the direction for the day. Here you will get acquainted with the camera and practice some photographing in order to be well prepared to take good pictures of landscape, and animals during the tour.

We choose our themes depending on the weather and the Sami eight seasons and tell you Sami knowledge about nature and animals.

We can never guarantee you pictures of for example wild animals, but we will search for good nature sceneries, sneak up on Arctic animals like moose, reindeer and birds and search for possibilities to photograph what is special for the season. Also the guide will give more information about the area.

The tour ends with a cup of coffee or tea and a cake.
