

Sami daytrip to Jokkmokk winter market

6-7-8
February
2025

Jokkmokk winter market is one of the Sami highlights in the year. At the market people meet, sell Sami handicraft and maybe buy something needed.

On this day tour to Jokkmokk we show you the best to see in the market.

We meet the best Sami craftsmen in Sweden and guide you in local shopping.

After a 3 hour drive we are there, in Jokkmokk. We try to see the Kuhmunen family and their reindeers when they arrive at the market and look for Sami handicraft.

We also take some time to feel the atmosphere of the market and, if you want, also do some shopping before it's time to leave, even if we recommend you to stay overnight if you really want to discover the market. We end the tour eating a Sami inspired late lunch before we drive back to Kiruna.

We recommend warm clothes adapted to the season, gloves and a warm hat.
