

# Overnight northern light Sami dinner in Nikkaluokta

Close to Sweden's highest mountains in the small Sami village Nikkaluokta we welcome you home to our family learning more about Sami culture, listen to stories and taste Sami food. In this overnight tour we try to see wild arctic animals, learn more about nature, Sami culture and experience the northern light.

We drive through the Kalix valley, to the Sami village Nikkaluokta where we are going to spend the night. After a two course dinner with our Sami guide, we prepare to go out in the quietness. The starry sky is never as clear as here in the mountain areas. In the morning it is time for a nature safari in the surroundings. The lunch is served outdoors before we prepare for going back to Kiruna.
