

Photowellness® women tour in Abisko

Following to the Abisko National Park,

when the mountain slopes have donned their most beautifully autumn colours, the air is clear and the weather can quickly be changed. We invite you to a combination with photo and wellness as good feeling, good food, drinks and a peaceful relaxation.

Dates of departure: September

Participants: Minimum 4, maximum 12 people

Price: 16.900SEK per person

The price includes: 3 nights in an apartment cabin where we cook our meals together, 2-course closing dinner at the restaurant, warm cover clothes, a Sámi evening arrangement, wood fired sauna, photo equipment and time for personal coaching.

Day 1

We meet at STF Abisko after lunch for a presentation and together we look at the program. After reviewing the camera equipment, we do our first photo session in the autumnal landscape of Abisko National Park. We find some suitable place where we can make a fire, make coffee, eat a home-baked cake and enjoy life. Later we cook dinner together in the cabin.

Day 2

The morning starts with making breakfast before we pack the backpack with the camera and today's packed lunch. We ride the lift to Nuolja. Where we have a magical view of Lake Torneträsk and Čuonjávággi - Lappporten. In the evening you are invited to a Sami evening with delicacies from the Sami kitchen. We end the evening outside under the northern lights.

Day 3

Today we will meet the sunrise and maybe the morning coffee tastes a little better later. When the camera is packed, we head out into the autumn landscape and focus on both large and small. In the afternoon we invite you to have a sauna in the cozy wood-burning sauna by the beach of Torneträsk. The evening ends with a 2-course dinner in the restaurant.

Day 4

After breakfast, we head out together into the autumn landscape for a last photo session before it's time to travel home.
