

# Wildlife and nature photo tour

Available 2024-25

Rates valid May 1 2024 - April 30 2025

Scandinavian Sami Photoadventures welcomes you to a tour around Kiruna to learn more about the beautiful landscape, arctic wildlife and local culture of the area. With the help of the camera we explore nature.

Beginner or more experienced in photography, our guides help you get pictures.

Borrow a camera with tele-lens, or use your own camera or mobile phone, and follow our local Sami photo guides to experience moose and other arctic animals. We share our knowledge of photography, nature and Sami life to give you a full experience of being part of our area. Our guides were born in the area and have been out in nature since childhood.

We choose our themes depending on the weather and Sami eight seasons. We can never guarantee you pictures of, for example, wild animals, but we will search for good nature sceneries, sneak up on arctic animals like moose, reindeer and birds and search for opportunities to photograph what is special for the season.

After the trip, you have practiced using the camera or your mobile phone, gained more knowledge about the Arctic nature and learned about the Sami people.
